Care that starts with getting to know you.

Welcome to The Treatment Centre, an independent dental practice in the heart of Truro. Thank you for considering us for your care.

Personal care. Clear choices.

We listen to what matters to you, explain your options honestly and give you time to ask questions. Our approach combines family-practice warmth with continued learning and modern dental technology. We want you to feel comfortable, respected and involved in your care.

How we can help

Everyday care	Examinations, hygiene and gum care, fillings and preventive advice.
Repair and replace	Crowns, bridges, root canal care, dentures, digital dentures and implants.
Confidence and comfort	Invisalign, cosmetic dentistry, oral surgery and support for anxious patients, including sedation where suitable.

People who care

Joint Principals Anna Taylor and Ollie Turner lead our clinical team. Associate dentists Sue Lewis, Brian Needham and Simon Jennings work alongside foundation dentists Kate Hamilton and Ed Janssen, our hygiene and therapy team, nurses and reception colleagues.

Kristii, our Treatment Co-ordinator, can help you talk through appointments and next steps. If you feel nervous, tell us - we will listen and discuss the support that may help.

Planning your first visit

A simple next step

Your first examination gives us time to hear your concerns and assess your dental health. Your dentist will explain their findings, any treatment options and the costs before you decide. Once booked, we will send appointment details and a link to complete your medical history.

Membership that fits your needs

Spread the cost of routine care with a monthly plan. Your dentist can recommend an option after your new patient examination.

Plan	Per month	Exams / year	Hygiene / year
Foundation	£12.94	1	1
Elevated	£20.37	1	2
Comprehensive	£25.47	2	2
Enhanced	£39.44	2	4

Plans include routine small-film X-rays and 10% off eligible general dental treatment; specialist treatments, including implants and Invisalign, are excluded. Monthly Direct Debit and a one-off £9.50 registration fee apply. Benefits begin once registration is confirmed. An eligible student family add-on is also available at £5 per month (ages 18-23).
